DISTRICT XI GOLF
BOYS' QUALIFYING ROUND ENTRY FORM
(Use this form to illustrate girl participants – 100 average)
2009

The following form will be used to determine the eligibility of golfers for the qualifying round. All scores to the date of sending this form must be included. Tri and Quad matches count only as one (1) round. The highest score will be thrown out; however, it should be included with a line drawn thru it. To compute the scoring and slope average, add the remaining scores and slopes and divide by the number of rounds. If a course has no slope, use a slope of 102. If the average slope is between 102-107, the qualifying score is 78, 108-113 the qualifying score is 79, 114-119 the qualifying score is 80, 120-125 the qualifying score is 81, 126-131 the qualifying score is 82. Please make copies of this form and use one form for each player.

NAME _____ COACH _____ SCHOOL _____ AVERAGE _____-_____
(Please print legibly)

DATE	COURSE/SLOPE	OPPONENT	SCORE
